26 FEB - 1 MAR BARCELONA

Dear Honored Guest,

Welcome to our third Digital Transformation Forum, which follows last year's success shared with over 600 attendees, including 100 media analysts and 150 CXOs.

Held at this year's Mobile World Congress, the Forum explores a vision of the coming years where going digital is inevitable and translating insight into action with efficiency and dynamic innovation is key.

The Industry Insights is split into five summits, each with a cutting-edge theme listed below. Join specialist speakers and executives from leading brands, global operators, regulatory bodies, ecosystem partners, and industry analysts.

This is your chance to connect with the world's key decision makers and thought leaders, and explore a vision of the coming years.

Places are limited, so please RSVP to your Huawei Account Manager at your earliest convenience.

See you in Barcelona!
