

Huawei ^① Product Supplementary Cybersecurity Information (EUCC)

The following links support the managing and monitoring of cybersecurity of the products:

Products	EUCC level	Support for Huawei Products	End of Sale/End of Life Products	Vulnerabilities contact and process	Public vulnerability repositories
Huawei iMaster NCE Series	Substantial	Guidelines	EOS	Huawei PSIRT	EUVD , with the search term "Huawei iMaster NCE "

Security support:

- The validity period for an EUCC product certificate is established in accordance with the EUCC regulation ((EU) 2024/482) and is set at five years.
- Cybersecurity support for the Huawei iMaster NCE Series will be aligned with the validity of the EUCC certificate.
- For further information on Huawei iMaster NCE Series product maintenance and support, including the availability of cybersecurity related updates, can be discussed and agreed upon with the Huawei customer account manager. To reach Huawei customer account manager, you may contact support@huawei.com.

①: Huawei refers to Huawei Technologies Co., Ltd.
